B A N Y U W A N G I – January 16, 2022. Banyuwangi is known for its many tours and superior products, storing such fabulous charm, among others, to the famous Ijen Crater as the first point of the Banyuwangi Diamond Triangle. There is a blue fire phenomenon in the world. Especially other nature activists, in Baluran, the nuanced scenery of Africa will be presented spoiling the eyes, especially plus a safari in the morning or evening to see wildlife out foraging towards the savanna.

Tourists who like snorkeling, scuba diving, or just marine tourism will pamper by the stunning spots of Tabuhan Island's coral reefs. On the other hand, it is mandatory to recognize local culture in Osing Kemiren Tourism Village as a complement during exploration in Banyuwangi. The destination "Bumi Blambangan" continues to amaze visitors, especially when they can witness one of the leading arts of the Gandrung dance (Javanese means infatuated love) and immerse in distinctive music.

Banyuwangi's fame always attracts tourists and business people alike. For that, for those who have made it to their destination city in early 2022, **Batik Air (flight code ID)** members of the **Lion Air Group** flew back and effectively served flights to Banyuwangi.

In the initial stage, Batik Air opened services from Terminal 2E of Soekarno-Hatta International Airport in Tangerang, Banten (CGK) to Blimbingsari Airport, Banyuwangi, East Java (BWX).

Flight schedule, here

Route	Flight Number	Departure Time	Arrival	Frequency
Jakarta – Banyuwangi	ID-6590	06.00 WIB	07.50 WIB	Wednesday, Friday, Sunday
Banyuwangi – Jakarta	ID-6591	08.30 WIB	10.15 WIB	Wednesday, Friday, Sunday

For Covid-19 health tests, Batik Air offers affordable fares especially, **a departure from Jakarta,**

- *RDT-ANTIGEN Rp 35,000 for those who have done the second dose of vaccine.*
- *RT-PCR Rp 225,000 for those who carry out the first dose of vaccine and are less than 12 years of age.*

The flight implementation fulfills the safety, security aspects and has guided by the health protocol.

Fantastic and affordable rates one way, **starting from Rp 840,200** from Jakarta to Banyuwangi and Banyuwangi to Jakarta **starting from Rp 890,610**.

Batik Air warmly welcomes the enthusiasm of business people and tourists who want a new choice of traveling to Banyuwangi. Batik Air provides direct flights, which will serve by Airbus A320-200 with a capacity of 12 business class seats and 144 economy class and Boeing 737-800NG consisting of 12 business class and 156 economy classes. The fleet is modern and new, equipped with in-flight entertainment (audio-video on-demand) in every seat free entertainment that can access from mobile devices, tablets supported by Tripper.

Guests will be spoiled through the contents available such as various movies, playing games, reading magazines, and much more. For this period, the most attractive thing was watching movies for free from genres such as Indonesia, Hollywood, and Korean types of films.

This route has served regularly to return (PP) with a schedule. Therefore, Batik Air would like to thank the regulator, PT Angkasa Pura II Soekarno-Hatta and Banyuwangi Branches, AirNav Indonesia, all crew, employees, and related parties for supporting the smooth and successfully return of the inaugural flight. So that future operations can operate smoothly.

The return flight to the city had the nickname Sunrise of Java, part of Batik Air's strategic steps in bridging domestic inter destination. In line with strengthening Batik Air services and networks that are currently operating and accommodating market demand in the east- southeast Java.

Batik Air hopes that Batik Air services contribute positively to helping increase the potential of business, trade, creative industries, services, and other sectors.

The start of Batik Air reaching Banyuwangi is optimistic that flight services can continue to grow gradually served other cities in the East Java area, after Surabaya and Malang directly connected to Jakarta.

Batik Air offers the best travel connection through Soekarno-Hatta International Airport. Vice versa, tourists or business people from various cities can stop first at Soekarno-Hatta, then continue the flight to Banyuwangi.

Batik Air provides connectivity with cities at the easternmost tip of Java Island, including Banda Aceh, Medan, Padang, Pekanbaru, Batam, Jambi, Palembang, Lubuk Linggau, Pangkalpinang, Tanjung Pandan, Lampung-Tanjung Karang, Semarang, Yogyakarta Kulonprogo. , Surabaya, Denpasar, Lombok, Kupang, Pontianak, Palangkaraya, Banjarmasin, Makassar, Kendari, Palu, Manado, Gorontalo, Ambon, Ternate, Sorong, Manokwari, Timika, Jayapura, Merauke and other cities.

Well Maintained Air Circulation System

The entire fleet has equipped with High-Efficiency Particulate Air (HEPA) filters or strong particle filtration. **HEPA filters help keep the air clean in the cabin and filter out more than 99.9% of viruses, germs, insects, and bacteria.** The atmosphere in the aircraft cabin is updated every 2-3 minutes, making it fresher. The air cycle from the toilet (lavatory) and kitchen (galley) has directly streamed outside the aircraft.

Increased activity of cleanliness and sterilization of aircraft periodically with methods Aircraft Exterior and Interior Cleaning (AEIC) run in the center of the aircraft maintenance Batam Aero Technic (BAT) and in a variety of base airports (base station) where the Lion Air Group has located.

Batik Air implement all applicable flight conditions during the coronavirus disease 2019 (Covid-19) pandemic alert period. According to the recommendations of the regulator as the rules of Batik Air

commitments in operations that continue to promote safety, security, and comfort of aviation (safety first), as well as the guidelines, run health protocols.

*** Finished ***
